**PRESIDENT, CEO  
AHN-SVH & AHN-WMH**  
Chris Clark, DO, MHA

### EXECUTIVE DIRECTOR

Patricia G. DiPalma

Dear Community Hospital Friend,

For the past 80 years, AHN Westfield Memorial has been providing outstanding medical care to the community.

The WMH Foundation, the non-profit organization that supports the hospital, is asking you to consider a charitable contribution that will help us fund advanced medical equipment and patient supplies. Did you know that gifts of \$200, \$100, \$50 or even \$25 can make an important difference? These amounts respectively can purchase IV solution, blood tubes for the laboratory, heart monitor electrodes, or a vial of regular insulin.

We remain honored and humbled when you choose to make a gift to the WMH Foundation. Thank you to all those who have continuously shown both generous support and trust in our mission since the Foundation's inception in 1978.

This past year alone, the Foundation provided funding for:

- New TV system and installation throughout the hospital
- Kitchen supplies
- Eight new state-of-the-art hospital beds

In addition, the WMH Foundation recently helped to host the highly successful **AHN Westfield Memorial – 80 Years of Stepping Up for Our Community** event to celebrate the hospital's anniversary and promote health and happiness within our community. It was a day of family fun, – including a 5K walk, a magician, healthy cooking demos and snacks, with free health screenings also available.

Checks may be made payable to the WMH Foundation and sent back in the enclosed reply envelope for your convenience. You can keep up to date with hospital and Foundation's happenings and upcoming events by visiting our social media platforms: Facebook, Instagram and LinkedIn as well as our updated web site, [westfieldhospitalfoundation.org](http://westfieldhospitalfoundation.org), where online gifts may also be made.

Thank you for making a difference in the community hospital you trust, and who trusts in you. Enjoy the autumn and all its colorful splendor.

Kathryn S. Bronstein, Ph.D.  
WMHF President

Patricia Gaughan DiPalma  
Executive Director

***Partnering with AHN Westfield Memorial to provide compassionate care close to home is what we've always done. It's what we'll always do.***
